1. Heretofore [REDACTED] Station requests to sanitize [REDACTED] studies for release to [REDACTED] A2g been limited almost exclusively to [REDACTED] documents for passage to [REDACTED]. The Liaison Branch (LBD) has [REDACTED] the conclusion, after years of concentrating the large bulk of [REDACTED]-produced analytical support on this service, that KUBARK will get more mileage out of the [REDACTED] 25X1A2g service if they are more widely disseminated among [REDACTED]. The reasons for this wider dissemination are varied. The most important reason is that [REDACTED] services are either currently giving KUBARK more than [REDACTED] does or have a potential for doing so. The services that [REDACTED] has in mind are [REDACTED]. T.
